PRAISE FOR *HAROLD AND THE WIMPLE-DIMPLE DIMMER-WIMMER*

"Wow, a new voice in children's books! Ms. Donovan is right on target in her story of a young boy who thinks he can't, then learns he actually can. The Wimple Dimple Dimmer Wimmer is a mouthful of machine that readers will want to hear more about. Hope there are more stories coming! The illustrations are charming as well!"

—Candy M, *reviewer*

"Inspire a new generation of gadgeteers with this fun children's book!"

"...Children don't know what's not possible. They take things at face value, even when faced with the impossible. It is with this kind of acceptance of the impossible that children's book author Carolyn Donovan introduces us to Harold and the Wimple-Dimple Dimmer Wimmer."

—Wan Chi Lau, *Rainy Day Magazine* Link to [full review](#)

Carolyn is a natural for children's stories. She's got a real feeling for how youngsters think, and a nice wry style to convey it.

—Tony Allan, *writer*

As someone who spends a lot of time with kids, most of whom can't tie their shoes (yet) and who love magical machinery, I can tell you, (there is) a huge audience just waiting to meet Harold.
